Multiple Intelligence

The Little Bobs Program is a holistic activity which exercises the multiple intelligences of your children – Logical, Linguistic, Intrapersonal, Interpersonal, Rhythmic, Kinesthetic, Spatial & Naturalistic Intelligence.

VAK Methodology

We nourish the different learning styles that are unique to your child by empowering the learner in him/her. It provides a strong foundation to be a lifelong learner, than a mere student based on the Visual - Auditory - Kinesthetic learning styles.

Child-centric Experience

Little Bobs is a fun filled, activity oriented learning experience. Little Bobs is for the children, by the children and of the children! It is a fine balance between learning, fun, interaction, laughter and opportunities to grow and excel.
